"Where Do We Go From Here?"
Joshua 19

Prince Hall was born in August 1735, an American abolitionist, and leader in the free Black Boston community. A true visionary, he founded Prince Hall Freemasonry, lobbying for the education rights for African American children. He was also active in the back-to-Africa movement. I thank the 45th Imperial Potentate, another visionary, for bringing to fruition the revelation of making Prince Hall a Shriner: "For Such a Time as This."

While it has been noted that every Shriner is first a Mason; it took over 85 years after Prince Hall died before the movement for Shriners was initiated by John G. Jones and other Prince Hall Masons; initially called The Ancient Egyptian Arabic Order Nobles Mystic Shrine of North and South America and its Jurisdictions. History states that there was legal conflict between the white Shriners and the black Shriners. After years of controversy the ruling was overturned in appeals in 1929, protecting the right of Black Shriners to continue practicing and fundraising across the nations.

To date the success of Black Shriners being able to exist promulgates the existence of my legacy and the legacy of the Imperial Court Daughters being formed and existing "For Such a Time as This"!

I pay tribute to my father, the late Noble Benjamin Wright, HPP for his exemplary display as a true Mason for over 50+ years serving in all levels of Masonry, Shrine Dom, and other Masonic bodies. I commend the 45th Imperial Potentate, the Honorable Eric R. Meyers, (RET) Esq. and the members of the Imperial Council Divan for contributing to the history and legacy of such a great legend. Prince Hall is one of the reasons I can preside and reign "For Such a Time as This" as the 50th Imperial Commandress.

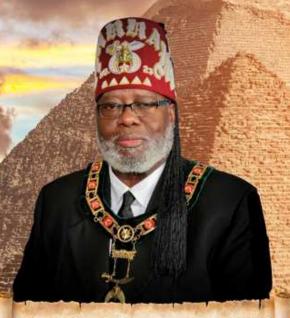

Thank you to the 45th Imperial Potentate, Hon. Eric R. Meyers, Ret. (23) for orchestrating this Rededication Ceremony commemorating the life and legacy of Prince Hall (the father of Masonry) and making Prince Hall a Shriner posthumously. Danielle Allen wrote a book to teach others about Prince Hall entitled "A Forgotten Black Founding Father." I would echo "an honored Black legend, 'to remind us not to forget Prince Hall; and always teach and remind others about him for many more years to come. On June 24, 1832, a tribute monument was erected on Copp's Hill, in his name next to his grave marker. The inscription reads: "Here lies ye body of Prince Hall, first Grand Master of the colored Grand Lodge in Mass. Although Prince Hall died December 7, 1807; long live Prince Hall...

To the Imperial Council of the Ancient Egyptian Arabic Order Nobles of the Mystic Shrine of North and South America and its Jurisdictions, Inc.:

Fraternal Greetings,

It is with great pride and an honor to receive you here in the Jurisdiction of Massachusetts as you celebrate and posthumously bestow the title of Noble and Honorary Past Imperial Potentate on our beloved founder and first Grand Master, Prince Hall.

We give thanks to the Grand Architect of the Universe for his many blessings, for he has made this special day for us. You have traveled near and far to be a part of this wonderful occasion and I hope that your stay with us will be an enjoyable one.

The Prince Hall Recognition Commemorative Program allows us to take a moment to reflect upon our beginnings and renew our interest and enthusiasm in freemasonry as we contemplate what our ancestors endured in the pursuit of freedom, liberty and equality. It also reminds us that we are the descendants of legends of a great legacy and a part of the oldest Black Fraternal Organization in this hemisphere.

The activities that you will take part in this weekend is a culmination of the hard work and effort of both Nobles and Daughters alike, and I extend my sincere gratitude to them for bringing this event to fruition. Please take this time to acquaint and reacquaint yourselves with each other for I trust that you will continue to bestow the faith, ideals, principles and vision inculcated by our founding father and first Grand Master, Prince Hall. By doing so, we pass on the legacy of this august institution, thereby offering future generations the positive leadership they so deserve.

On behalf of the entire Prince Hall Family, Jurisdiction of Massachusetts, "Where It All Began". I say welcome home.

Tis' The Camel Walk of a Noble Man

Inconspicuous, yet oh so gentle, this rare breed of *men* has been so instrumental. To the uplifting of <u>mankind</u> in and outside the Shrine, know that to be a *Noble Man* is one of a kind. With foresight **Nobility** is a *birthright* given to every man, however, in hindsight, it's characterized by those who can and are willing to *Cross the Burning Sand*.

The Work of Nobility may sound quite simple, yet for all noble men, life's work starts with Building His Own Temple. For in his world filled with a compilation of mistakes, there is a steady strive toward perfection "daily" — even for **Potentates**. Nevertheless, on this Path to Redemption, you are destined to transcend, The old version of yourself amidst these changes you may not fully comprehend. So, at times in the wrong hands, its teachings may seem distorted, but be mindful some claiming to be **Nobles** may likely be purported.

However, with the teachings of our Ancient Egyptian Arabic History as our guide, understand that your journey towards Mecca is no normal camel ride, but Hear Me, Here Ye, confess that "I Am a Noble Man" in search of tranquility, guarding against any Nemesis but yearning for Nobility. As we all humbly Bow before our deity in kind, for all Noble Men belong in the Mystic Shrine. From deep within the Quran, we probe within the Depths of the Aura's, or within the Bible for the paragon of piety a reflection of Job.

So, whether you are a Rabban, a Guard, or some other personality, if you are a Good Man, you are a true reflection of what we hold dear in our Nobility. With all our plights and life's humble rejections, the Character of a Noble Man is his striving toward perfection. For the feedback from others may not ever feel gracious, know that the spiritual path East towards Light is a welcome Oasis. As you ponder on these words and his Godlike spine. consider when you see a Noble Man if he is a member of the Ancient Egyptian Arabic Order Nobles of the Mystic Shrine.

In our early years, we traveled rough and rugged roads despite our ancestral clone, but the lesson that prevailed replicated the *Blackstone*. It takes persistence and discipline to travel this journey, for Noble Men choose *kindness*, while others choose tyranny.

There is no rush on this path, so do not consider it a gamble, for Noble Men are guided by their deity, and thus *Travel by Camel*. Amidst this humble journey and the quest for intellectual water, your travels may quench your thirst in the *Desert of No Borders*. Though not the *Well of Zamzam* but with faith you will find that you will always find *Noble Men* within the *Ancient Egyptian Arabic Order Nobles of the Mystic Shrine*.

Assalamu Alaikum

Fraternal Greetings and Best Wishes

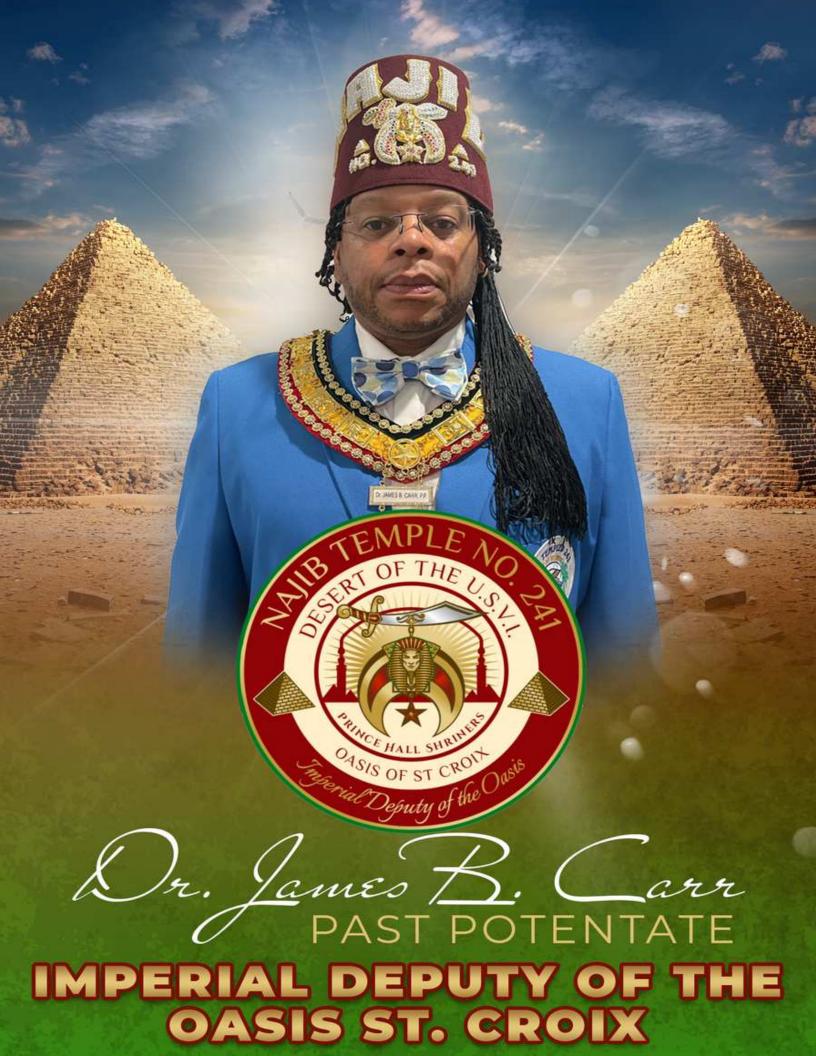

Prince Hall was the patriot, the abolitionist, the educator, the organizer; and he played a critical role during the revolution. African American historians, scholars and community leaders are now advocating for the recognition of **Prince Hall** as one of the **founding fathers of this nation**.

One can state that the civil rights movement really began with Prince Hall.

The Desert of the Virgin Islands, A.E.A.O.N.M.S.; and The Most Worshipful Prince Hall Grand Lodge of the Virgin Islands, F.&A.M., Inc. salutes the Imperial Council, A.E.A.O.N.M.S. on the "Prince Hall Recognition Ceremony.
